Dragon Mission #7

Cut out the four cards and solve the locks in order.

START

A secret in a book

A dragon hid a secret word in a book. Three magic locks guard it. Solve them to find the page, line and word.

Book to open _____

LOCK 1

The page

An ancient dragon left this sequence. What number comes next?

19 38 76 152 ?

Page _____

LOCK 2

The line

Dragon A chases Dragon B.
A flies at 50 km/h. B flies at 21 km/h.
Both fly straight in the same direction.
At steady speeds, A catches B in 1 hour.

How many kilometres apart were they at the start? Try drawing it.

Line _____

LOCK 3

The word

The dragon mixed up the letters of an English number. Put them in order.

R U O F

Word position _____

Print on A4 at actual size.
